

45th ANNUAL CALL FOR NOMINATIONS 2017

James H. Meyer Distinguished Achievement Award

The Meyer award recognizes a distinguished career of achievement by an Academic Federation member in meeting the responsibilities associated with the nominee's job title. A secondary, but important, consideration is service to the campus, the UC community, or state, regional, or national bodies. Service should be voluntary and extend beyond that required by the nominee's job.

QUALIFICATIONS: The award is conferred in recognition of an individual's distinguished career-long contributions to **a) the mission of the university and b) a commitment to the campus community**. Service to the Academic Federation is desired, but is not required. A nominee must be a current member of the UC Davis Academic Federation with at least five years of membership. Past recipients are not eligible, but previous nominees are eligible.

NOMINATIONS: All members of the University community – Academic Federation, Academic Senate, students, and staff – are invited to nominate a member of the Academic Federation for this award. ***The nomination packet must include the following:***

- A Nomination form
- A current CV, highlighting the candidate's top five publications, if applicable
- A personal statement (not more than one page in length) from the candidate

A maximum of 3 support letters (each not more than three pages in length) may be included with the nomination packet.
