TO: Academic Senate and Federation Members

RE: TDI (Fidelis) Demonstrations for Faculty

Dear Colleagues:

I received notice that UCOP will be holding two sessions to discuss the Fidelis monitoring system. Fidelis was installed at the UC Davis gateway by instruction of UCOP and has raised considerable discussion on campus. This is a chance to receive more detailed information about the system.

The first meeting will be tomorrow, May 19, at 10:00 AM, and the next on Wednesday, May 25, at 9:00 AM. Please click on the hyperlinks to add the web conferences to your Outlook calendars, and to join the web conferences at their respective times.

Sincerely,

Matt Bishop
Chair, Committee on Information Technology
Professor of Computer Science
